

All-in-one K-12 educational ecosystem

Fight learning loss – and boost SEL

The SchoolBox platform helps school districts

- Identify & close post-COVID equity & SEL gaps
- Reduce staff stress, build confidence & save time
- Promote efficacy & measure tutoring's impact
- Extend hybrid-learning benefits after-school

Schools can't solve the equity challenge in a day. SchoolBox is the first secure tutoring platform that connects K-12 students with academic specialists, helps teachers prescribe critical after-school support, and gives administrators the tools to assess learning loss & SEL — all in one place.

Host and record 1:1 and group tutoring sessions via secure video conference

Match students with qualified tutors, schedule sessions and send reminders

Survey students to measure & improve social-emotional learning

Get a dashboard to track student outcomes and assess efficacy
